

MILANO, VERONA, VENEZIA

BY CAR

You can arrive from 3 different direction:

- PISTOIA exit on the FIRENZE – PISA nord (A11) autostrada. This is the easiest way to arrive, and convenient if you are arriving from northern Italy. Follow the signs for VINCI – LAMPORECCHIO – EMPOLI. After 12 km you reach the hamlet of San Baronto, where you bear right for Lamporecchio. 3 more km and you enter Lamporecchio. Follow the signs for Vinci. As you get out of the town centre watch carefully on the left side. You will see a sign Azienda agricola BALDUCCIO. Turn there and follow the signs BALDUCCIO all the time (you should see 5 signs in all). Olive Tree Suites is the last property before the Balduccio farm on the right side. Total distance from PISTOIA exit 17km.
- EMPOLI OVEST exit on the FI-PI-LI superstrada. This way is best if you arrive from southern Italy. Follow the signs to VINCI. When you come to the last roundabout before entering Vinci's town centre follow the sign to LAMPORECCHIO. When you arrive to a place called BORGANO turn right in Via di Borgano (just after the "Circolo Arci" on your left) and you will come to a small crossroad with a sign Azienda agricola BALDUCCIO. Follow the signs BALDUCCIO all the time. Olive Tree Suites is the last property before the Balduccio farm on the right side. Total distance from EMPOLI OVEST exit 14km.
- MONTECATINI exit on the FIRENZE – PISA nord (A11) autostrada. This way is best if you arrive from the North-west, Genova and France, with the help of a satellite navigator, since there are many turns. Basically you follow the signs to Empoli and to Lamporecchio. When you arrive in Lamporecchio just follow the same route as in the first case, when you exit in Pistoia. Total distance from MONTECATINI exit 17km.
